Get ready to play a brand new game that reveals the history of the original Double Switch starring Lindsay Lohan! The newest edition of the popular Double Switch franchise stars teen heartthrob Corey Haim (The Fonogram, SLC Punk!) and former teen heartthrob Debbie Harry (National Lampoon's Christmas Vacation), has been reformed and is the lead protagonist in this all-new Double Switch game! The game features a full-length scripted storyline and will take players through seven different locations such as the arctic, a palace, a ship's deck, a mansion, a recording studio, a military prison and more. Reviews Game Information: Double Switch - 25th Anniversary David Craddock from website IGN said it was a "good throwback to old video game days. I didn't even know this game had been released for the Genesis, but the game plays very much like a home based system. There's a lot of jumping around and looking down and if you're really bad you can even pounce on enemies. The graphics aren't as realistic as you would expect from a 16-bit game, but it's a solid game. " David Craddock from www.screensolvers.com.au said " I was a big fan of the Double Switch game for the Sega Genesis and this game was a breath of fresh air. It's an arcade game full of secrets and double switches with lots of locations to try and crack, all delivered with excellent production values, not to mention some of the most accurate 16-bit graphics ever seen. I've got a router that my ISP gives me. The router is automatically assigned an address. When I access the internet, that's the address of my router. However, if I VPN into my router, I can see that I'm not at my router's address. My ISP's router would still be the device I'd be connected from, but the ISP's IP address would be whatever IP address was assigned to my external IP

Poet and professor Anthony Hemingway dies at 68 This is an archived article and the information in the article may be outdated. Please look at the time stamp on the story to see when it was last updated. Chancellor Kevin White (2ndRIGHT) applauds during the PBR Parade of Champions in March. Anthony Hemingway (far RIGHT) was a part of the school's history, having produced the late 1970's radio show "A Pea in a Pod." He died Monday, April 12, 2018 at the age of 68. PITTSBURGH (April 14, 2018) - The good news is that it was none other than professor emeritus and poet Anthony Hemingway, who had a chair for 40 years at the University of Pittsburgh, from the late '70s to the late '90s. The bad news is that he died on Monday at the age of 68 in his native Milwaukee, Wisconsin. Hemingway was a versatile, influential writer and academic. Not to minimize the fact

that he was also a great professor, he curated numerous literary and drama readings at the University of Pittsburgh. From his literary office at Mather Hall, he would emerge with a sense of purpose and delight on his face. In 1982, he was invited to become one of the co

In the early hours of 26 August 2017, a dozen VRP officers from the Society of NationalInterests entered the Wrekin Literary and Philosophical Society in Chipping Campden, Gloucestershire, to search for books of historical interest and demand to see the library register. As they had anticipated, the library declined to hand over the register, so were not particularly surprised with the search. The library is situated on private land, and residents of the village of Chipping Campden have accepted its existence and the importance of protecting the landscape and other buildings; Ladbroke
