The motion capture data allows players to perform move-specific actions, re-direct attacks and control the player on the ball. It is accessible by hitting the Alt key. This new technology provides players with a brand new feeling and depth of control in football. And while the focus remains primarily on recreating the complexity and speed of real football, additional features have been implemented to improve playing experience and to enhance gameplay in FIFA Ultimate Team.

**SUMMER TRANSITION FEATURE** In FIFA Ultimate Team mode, the Summer Transition feature allows players to use their FIFA Ultimate Team cards in EASTERN EUROPEAN CLIMATE (EEC) seasons (seasons 19-23) These seasons in EEC provide players with new opportunities to play in 7 additional tournaments, including the UEFA EUROPEAN CHAMPIONS LEAGUE, UEFA EUROPEAN CHAMPIONS LEAGUE CLUB OF THE YEAR and THE FA CHAMPIONS LEAGUE. They also give additional flexibility on how a player can be deployed in FIFA 22. In FIFA Ultimate Team, players can enjoy the Summer Transition period before the FIFA 22 season begins. Summer Transition: Player cards can be unlocked during the Summer Transition period, which occurs between seasons 19 and 20. Players can use Winter cards to participate in 7 additional tournaments, including the UEFA EUROPEAN CHAMPIONS LEAGUE, UEFA EUROPEAN CHAMPIONS LEAGUE CLUB OF THE YEAR and THE FA CHAMPIONS LEAGUE, and can also use Summer cards to play in the CONCACAF GOLD CUP (seasons 19-20) and UEFA CHAMPIONS LEAGUE (season 19). Like real-life teams, players in the FIFA Ultimate Team mode can earn both players and points in Summer and Winter Transitions.

**TRANSITION FUTURE** An exciting feature of this season's FIFA Ultimate Team packs, TRANSITION FUTURE will allow players to earn the FIFA 22 players and coins earned in previous seasons while they are on the transfer list. TRANSITION FUTURE will become available in EEC seasons 19-21 to give players a special opportunity to enjoy the FIFA Ultimate Team scene.

**SUMMER TRANSITION FUTURE** In Summer Transition Future packs, players that have been inactive in FIFA Ultimate Team can be reactivated in FIFA 22 for an all-new set of Summer
