The effects of the infusion of somatostatin on gastric acid secretion and acidity were studied in 10 patients with duodenal ulcer after at least a two-week long treatment with omeprazole or ranitidine. The somatostatin-induced inhibition of acid secretion was unrelated to the infusion rate and was unrelated to the starting fasting acidity. These results suggest a minor if any role of somatostatin in the control of antral gastric acid secretion.Q: Fn::GetAtt and Stack with Cloudformation to Mount S3 bucket to EC2 instance I've a JSON that is generated from a list of values that contains the name of the S3 bucket and the AMI id of the EC2 instance.
