Overview Approach: The Antelope Canyon day trip begins from the parking lot at the north entrance of The Antelope Canyon. One of the truly outstanding aspects of visiting this excellent slot canyon is the experience of driving along its narrow, winding slot between the high canyon walls for more than 30 miles to the deep and mystical south entrance. The entire drive has the feel of a long-distance scenic drive from which any impressions are likely to remain in your memory for a lifetime.

Description: One of the truly outstanding aspects of visiting Antelope Canyon is the experience of driving along its narrow, winding slot between the high canyon walls for more than 30 miles to the deep and mystical south entrance. The entire drive has the feel of a long-distance scenic drive from which any impressions are likely to remain in your memory for a lifetime. Although the scenery is spectacular, the entire drive is less than an hour, and you would miss almost nothing if you did not stop at every turnout along the way.
