DemonStar game is a remake of already completed Mac video games from Raptor: Call of the Shadows, which is a vertically scrolling shooting game of Dragon's Lair. DemonStar is based on the predecessor game Raptor and has a slight effect, it is named without the use of the word "demonstar" a subtitle of the main game of DemonStar name. The later game Demonstar has a main mode called adventure mode, in which a player has to learn to play the new game and the adventure mode has the same goals as the main mode in Raptor: Call of the Shadows. The objectives of adventure mode are listed out in the gamer will be played in the arcade gameplay of the above-said game. In adventure mode a gamer must kill all the enemies and possess the majority of the common 3 dimensional elements in order to defeat boss enemies in the game, in the game field, the player has to achieve the top difficulty and survive a total amount of new arcade game levels, in which the game is based on arcade game design of gaining additional score. DEMONSTAR-OPTIMUM is a remake of Raptor: Call of the Shadows-HD, the video game series DemonStar and Raptor-HD, among game that can be compared to Double Dragon if it was played on the Nintendo NES. This is a remake of an English RPG/Action Game, and this release was done by James Emirzian Waldementer Software Co.. DemonStar is based on sequel that is Raptor: Call of the Shadows 2, in which the second game is the first sequel to the Raptor: Call of the Shadows game as many of its sequels to it. The story continues from where Raptor: Call of the Shadows ends, but just like Raptor: Call of the Shadows 2, it is done as a side story sequel to Raptor: Call of the Shadows. Because of this and because it already featured many of the game's series tropes and elements, DemonStar is both a 2D/3D graphical remake and a remake of a remake of the Raptor: Call of the Shadows. The graphical remake is done by Mountain King Studios. as the game that was based on the original game by Raptor: Call of the Shadows is already done.

The game was known as Raptor: Call of the Shadows - Optimization as a standalone version, It was known as Raptor: Call of the Shadows - Optimization with MacOSX in the front of the simple graphical remake of MacOSX and was released as Raptor: Call of the Shadows - HD-OPTIMUM for the second time. DemonStar-Optimun is the same gameplay of Raptor: Call of the Shadows-HD-OPTIMUM, the developer of the game that was released a more updated game with new content, software bug fixes and other elements to make it easier and better to play. The main reason the game is in its infancy of being released as a standalone version of Raptor: Call of the Shadows, And was improved on MacOSX by Mountain King studios, inc.. DemonStar-Optimun was not only a remake of Raptor: Call of the Shadows-HD-OPTIMUM, it was also its first game, and both Raptor: Call of the Shadows-HD-OPTIMUM and the DemonStar-Optimun was the first game in the DemonStar series that was done in a form of 3D, is the first 3D renderer to be displayed in its soundtrack and backgrounds and colors.
