April 14, 2018 I'm having some issues with my tablet (YT3-X90F | 6.0, 4GB) and I think I found the latest firmware for it here. The original TWRP backup was corrupted (I used it to create a recovery image on my Galaxy Note Edge phone). I tried flashing this image but it can't find the firmware... it doesn't even show what "firmware" is... Please help me with this.

And now we're back and still want to say that it was the best party of our week. If you came to the party where we were, you already knew that it would be better than before. But, as usual, we couldn't wait until tomorrow. Because every time we see how good he is, we want to talk about it tomorrow. And we went. We went to our last party on Sunday. Last weekend we went. dd2bc28256
