Mushroom NY Pizza After spending about a week on top of the

mountains, NY Pizza made for a

welcome stop. Well, a hearty one

anyway. With everything we ate at

the restaurant on the same night, I

didn't think I'd be able to continue that day. But I did. I'm feeling better than I have since I moved here. Mellow Mushroom NY Pizza is known for their three cheese pizza, but they also have three other varieties. The Spicy has spicy sausage and onions, the Deluxe is a wood-fired meat lover's dream with meat toppings, but not so meat that it would make you pass out, and there is also a vegan cheese option. I opted for the BBQ Chicken

Jyotiraditya Scindia, who heads the Congress' political affairs in western India, has written to the party leaders with the suggestion that BJP should not run away from its past and should not try to see its defeat in Karnataka as

a victory. Scindia has also criticised the way BJP leaders have been blaming Congress for the Congress' defeat in Karnataka. "How can BJP try to understand the loss by itself. It is true that Congress had a very poor performance in Karnataka, but it should also be accepted that the Congress did not do anything to improve its own position. While Congress failed miserably, BJP did not add anything. Instead of acknowledging this, BJP leaders are trying to blame and see it as a victory." he said. "BJP should not try to see its defeat in Karnataka as a victory. The BJP did not lose

because of any mistake or because of some poor work. But the BJP lost the trust of voters by its poor governance. Even if voters have given an opportunity to form a government to Congress, it has also lost that trust.” he added. According to him, BJP’s defeat is a wake-up call for the BJP and “BJP should realise that it is not the results that matter but the way they are accepted.” “No one can do anything to save the party. But if BJP takes the responsibility and acknowledges the fact that the public has lost the confidence of the party, then it can start from where it was.” he said.Q:
